### Selecting the Right Helmet

1. Wrap a tape measure around your head about one inch (2.5cm) above your ear, ensuring that the top of your head is in contact with the top of the helmet interior.
2. Put your hands on the back of the helmet and try to push the helmet off by rotating it forward.
3. Move your index finger under the helmet and try to lift it up. (Or on the chin guard) and try to push the helmet off by rotating it forward.
4. If helmet comes off, try another size or another model or brand.
5. Always make sure your helmet fits securely.
6. The top pad presses firmly on your head.
7. The helmet fits correctly when you can slip your fingers under the helmet's brow band.
8. The helmet fits correctly when it is too large for your head.
9. The helmet fits correctly when it is too small for your head.

### SKIFPOG® ANTIFOG LENS

- **Clear Vision, No Science Fiction**
- **Screening Technology: UV-400**
- **High Impact Resistance**
- **Anti-Fog Coating**
- **Anti-Scratch Coating**
- **Anti-Steam**
- **100% UV Protection**
- **Interchangeable Double Visor System**
- **Easy Replacement**
- **Made of Moisture Absorbent Material**
- **Green Product**
- **100% Recycable**

### Sunshield Operation

1. **Helmet Type:**
   - **Stage 1:** Most full face helmets include a sunshield.
   - **Stage 2:** Some helmets come with an integrated sunshield system.
   - **Stage 3:** Some helmets offer an additional sunshield feature.

2. **Positioning:**
   - **Stage 1:** Helmets with a built-in sunshield offer a seamless transition between sunny and cloudy conditions.
   - **Stage 2:** Helmets with an integrated system allow for quick adjustments while on the road.
   - **Stage 3:** Helmets with an additional feature provide a more customizable experience.

3. **Functionality:**
   - **Stage 1:** Integrated sunshields are typically adjustable and retractable.
   - **Stage 2:** Helmets with an integrated system allow for quick adjustments while on the road.
   - **Stage 3:** Helmets with an additional feature provide a more customizable experience.

4. **Maintenance:**
   - **Stage 1:** Regular cleaning and maintenance are recommended for optimal performance.
   - **Stage 2:** Integrated systems require minimal maintenance.
   - **Stage 3:** Additional features may require more regular maintenance.

5. **Compatibility:**
   - **Stage 1:** Most full face helmets include a sunshield.
   - **Stage 2:** Helmets with an integrated system offer a seamless transition between sunny and cloudy conditions.
   - **Stage 3:** Helmets with an additional feature provide a more customizable experience.
